

STAIRCARE PROGRIT
ANTI SLIP FOR INDUSTRIES

CAPABILITY STATEMENT FOR STAIRCARE-PROGRIT SPG™

Tailor made Anti-Slip Safety
For Industries since 2004

Staircare-Progrit is a leading provider of comprehensive anti-slip and FRP (Fibreglass Reinforced Plastic) access system solutions, offering exceptional products and services designed to ensure safety, durability, and cost-effectiveness. With a strong focus on innovation and compliance with Australian and International standards, Staircare-Progrit supports industries including mining, construction, marine, transportation, and more.

CAPABILITY STATEMENT FOR STAIRCARE-PROGRIT SPG™

PRODUCT OFFERINGS

ANTI-SLIP PRODUCTS

Our anti-slip solutions enhance safety across various environments:

► FRP STAIR NOSING AND FLOOR PLATES:

Tested to comply with AS 4586:2013, offering exceptional slip resistance (P5 rating) and high visibility with integrated grit surfaces in safety yellow as standard or, nominated custom colour schemes for example “Red Zones” on Off-shore Rigs.

► FRP ANTI-SLIP STRIPS:

Durable and resistant to harsh environments, these strips provide superior slip protection for ramps and stairs.

► CUSTOMIZABLE ANTI-SLIP SOLUTIONS:

Available in various sizes, colors, and grades for diverse applications.

► TRENCH COVER PLATES:

Custom made Trench Cover Plates with silicon carbide anti-slip surface finish including lifting lugs.

► RIG FLOOR SAFETY MATS:

Providing Slip protection around Rotary Table and adjoining areas in this notoriously hazardous environment. Constructed from high-strength polyurethane with stainless steel studs offering excellent wear, oil and aging resistance, supplied made to measure.

FRP ACCESS SYSTEMS

Staircare-Progrit specializes in the design, manufacture, and supply of FRP access systems, which include:

► PLATFORMS:

Lightweight yet strong, offering corrosion resistance for long-term usage.

► STAIRCASES:

Modular and ergonomic, conforming to AS 1657 standards for industrial stairs.

► WALKWAYS AND DECKING:

Non-conductive, fire-retardant, and suitable for high-traffic or hazardous environments.

► LADDERS:

Designed for durability and safety, ideal for confined spaces and high-altitude access.

► HANDRAILS:

Aesthetically designed, corrosion-resistant, and compliant with Australian safety standards.

► BRIDGES:

High-strength and lightweight FRP solutions for pedestrian and light vehicle crossings.

► SUPPORTS AND STRUCTURES:

Tailored to customer requirements, ensuring robust installations.

KEY FEATURES AND BENEFITS

► Durability:

FRP products are non-corrosive, non-magnetic, and resistant to chemicals, ensuring a long service life.

► Safety:

Anti-slip surfaces and non-conductive properties provide optimal safety for pedestrians and workers.

► Lightweight and Strong:

Up to 80% lighter than steel, facilitating easier transportation and installation.

► Customization:

Available in custom sizes, colors, and configurations to meet specific project requirements.

► Low Maintenance:

UV-stable and wear-resistant surfaces reduce maintenance efforts and costs.

► Environmentally Friendly:

Manufactured using sustainable materials and processes.

MINING SAFETY EQUIPMENT

In addition to anti-slip and FRP systems, Staircare-Progrit offers specialized safety solutions for the mining industry:

- ▶ **Heavy-Duty Anti-Slip Grating:**
Designed for extreme conditions in mining environments.
- ▶ **Chemical and Impact-Resistant Surfaces:**
Suitable for areas exposed to corrosive chemicals and heavy machinery.
- ▶ **Custom Mining Walkways and Platforms:**
Built to withstand the rigors of mining operations while enhancing safety and efficiency.

COMPLIANCE AND STANDARDS

Staircare-Progrit is committed to delivering products that meet or exceed industry standards, including:

- ▶ **AS 4586:2013:**
Slip resistance for pedestrian surfaces.
- ▶ **AS 1657:2018:**
Fixed platforms, walkways, stairways, and ladders.
- ▶ **ASTM E84:**
Fire resistance for materials.

INDUSTRIES SERVED

- ▶ Mining and Mineral Processing
- ▶ Marine and Offshore
- ▶ Water Treatment Facilities
- ▶ Chemical and Food Processing Plants
- ▶ Transportation and Railways
- ▶ Public Infrastructure
- ▶ Commercial and Industrial Facilities

END-TO-END SOLUTIONS

Staircare-Progrit provides a complete suite of services to support clients from project inception to completion:

- ▶ **Consultation and Design:**
Custom designs tailored to specific site and application needs.
- ▶ **Manufacturing:**
High-quality, precision-engineered FRP products.
- ▶ **Installation Support:**
Expert guidance and installation services for seamless deployment.
- ▶ **Material Sourcing:**
Attention to special Shipping requirements.
- ▶ **After-Sales Service:**
Ongoing maintenance and support to ensure product longevity.

WHY CHOOSE STAIRCARE-PROGRIT?

- ▶ Over 20 years of experience in the FRP and anti-slip industry.
- ▶ Commitment to innovation and sustainability.
- ▶ Unparalleled customer service and technical support.
- ▶ Proven track record in delivering high-quality safety solutions.
